## Career Objective

---

Motivated Computer Science student and Junior Software / Web Developer seeking an internship or entry-level opportunity to contribute to real-world projects using C#, SQL Server, and Full Stack Web Development technologies, while continuously enhancing technical and problem-solving skills.

## Experience / Internships

---

### Software Development Trainee, *National Telecommunication Institute (NTI)*

Completed an intensive Software & Web Development training program with a final score of 92.5%  
Implemented practical tasks using C# and SQL Server  
Worked on training projects simulating real-world software development environments  
Applied Full Stack Web Development fundamentals in hands-on scenarios

## Education

---

### Bachelor of Computers and Information – GIS Zagazig University

2027

Expected Graduation: 2027

## Technical Skills

---

### Programming Languages

C#

### Databases

SQL Server

### Web Technologies

HTML, CSS, JavaScript

### Concepts

Full Stack Development, Responsive Web Design, UI Development

## Languages

---

### Arabic

Native

### English

Good

### French

Basic

## Extracurricular Activities

---

- Participation in student activities and collaborative technical training projects

## Courses & Certifications

---

### Web Development Track, *National Telecommunication Institute (NTI)*

(C#, SQL Server, HTML, CSS, JavaScript, Full Stack Fundamentals)

## **Projects**

---

### **Frontend & Training Projects**

Developed multiple frontend web projects using HTML, CSS, and JavaScript Built responsive user interfaces with focus on layout accuracy and visual consistency Practiced clean UI structuring and frontend best practices
